

Hotsides	Manifold	DP Size	Important Notes	Turbo Compatibility	Approx. Price
Trackspeed	Quality Cast, Best Flow	3.00"	Inconel studs, turbo hard lines, bulletproof top quality manifold, 1.8 only	EFR IWG	\$3,099
Fab9	Quality Tubular, Best Flow	3.00"	Contrary to the video these kits are now internally gated unless custom ordered for EWG woohoo!	EFR IWG or EWG	\$2,750
Flyin Miata	Quality Cast Log	2.50"	Cast elbow, includes inconel studs, "approx price" includes \$388 turbo hard line kit and \$900 GT2560R	T25/28	\$2,197
Kraken	Quality Cast High Flow	2.5 or 3.0	Cast elbow on T25 kits, Inconel studs, no turbo lines available (\$125 added for DIY lines), price includes \$900 for a Garrett turbo, outside of U.S.	TD04/T25/EFR	\$1814 (USD)
G19	Quality Cast High Flow	2.50"	Includes a reconditioned TD04 w/ warranty, outside of U.S., \$40 added to "approx price" for DIY oil drain because I don't recommend their dipstick drain method	TD04	\$1429 (USD)
MK Turbo	Quality Tubular Log	2.5->3.0	Hand built log manifold and downpipe, china turbo, kit-specific turbo lines available, hotside kit includes full exhaust system (\$400 subtracted from "approx price" to provide fair comparison to other kits)	T3	\$1,501
CX Racing	Unknown Quality, Low Flow	2.50"	China turbo, 1.8 manifold does appear to be better quality and better flowing vs the 1.6 manifold which appears to be very low quality	T25/28	\$869 - \$1149
Ebay	Cast, Low Flow	No DP	Does not include downpipe, \$300 added to "approx price" to factor in a custom downpipe	T3	\$580
MSM	Quality Cast, Low Flow	2.00"	IHI turbo maxes out just over 200whp yet somehow spools quite slow especially with stock downpipe. 1.8 only. 15+ year old turbo with unknown amount of life left, cannot swap in more popular T25 sized turbos.	IHI	\$500 Used
Full Kits	Price	Notes			
Flyin Miata	\$5,327	Price includes FM flywheel with the Happy Meal, could sub out for a different clutch. \$850 added for MS2			
MK Turbo	\$4,090	Kit includes MS3, \$400 added for a clutch. MK Kit includes full exhaust, price is factored out (-\$400) for fair comparison			
Revent	\$3,380	This kit includes the popular ME221 ECU, a GT2560R, cast manifold, and everything else you need!			
CX	\$2889-\$3269	1.6 or 1.8 CX kit + \$850 MS2 + \$180 injectors + \$160 wideband + \$400 clutch			
Ebay	\$2,136	Same as above except price includes an \$86 XTD clutch
